Welcome / ArtAngels 2023

Welcome to ArtAngels 2023,

In a world where the canvas of education constantly evolves, **ArtAngels continues to paint a brighter future.** We've witnessed the transformative power of technology in no-fee government schools across South Africa and how **self-paced online adaptive learning programmes** can be a force for change. As we gather for our 15th ArtAngels event, we celebrate the **unwavering commitment of Click Learning**, which has been instrumental in this journey.

Our gratitude extends to the generous artists, suppliers, bidders and guests who have played pivotal roles in making tonight a success. Together, we have nurtured a thriving ecosystem where education and the arts converge, **shaping a more promising future for the youth.** This year, we take pride in our continued support for the arts, as exemplified by the **Blessing Ngobeni Art Prize** and the **ArtAngels Everard Read Bursary programme at Ruth Prowse School of Art.**

Click Learning, as an organisation, embarked on a mission to harness the immense potential of technology, seeking to **revolutionise traditional learning methods** and address the educational challenges facing South Africa. Throughout this journey, we have adapted, expanded, and, most importantly, validated the effectiveness of our approach. We continue to deepen our impact to ensure we set learners on track with the **foundational literacy, numeracy and digital skills** they need to build sustainable livelihoods in the future.

As Albert Einstein once said, “Education is not the learning of facts but the training of the mind to think.” Thank you for your **unwavering support and participation** in ArtAngels 2023 and thank you for being a part of this inspiring journey.

Building solid foundations for a better future.

Click aims to set learners on track with the foundational **literacy, numeracy and digital skills** they need to build sustainable livelihoods in the future.

Established in 2012, Click works with provincial governments and districts to help under-served primary schools in South Africa improve these skills by deploying relevant online programmes. These programmes offer learners the opportunity to work at their own pace and navigate their learning journey by means of technology.

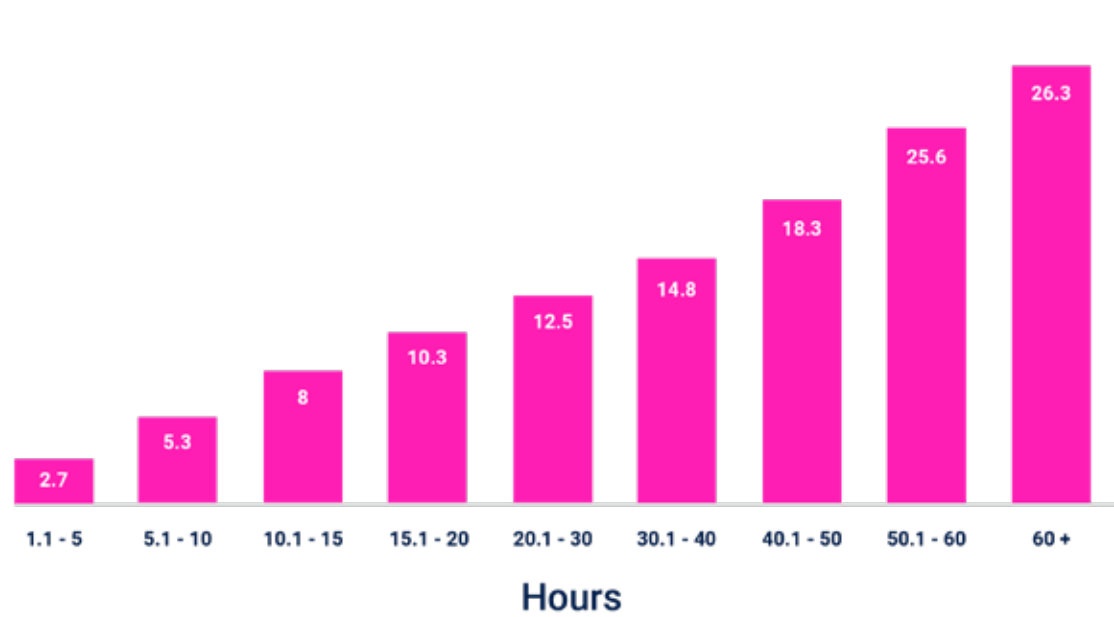

Changing Little Lives for Big Impact.

Learners that use Reading Eggs see greater improvement in results than those that don't.

% Difference in score relative to learners with 0 - 1 hours usage:

- 96 832 observations for grade 1 - 5 learners completing 2022 Foundations of Literacy eQuiz
- Tested letter names / sounds & decodable words / sight / non-words.
- Regression results increase as cumulative hours use increased

Creating Jobs and Improving Employability.

In the process Click Learning creates jobs for unemployed youth as facilitators in our schools and upskill them to move on to better employment and more sustainable livelihoods.

In collaboration with the Bag Factory Artists' Studios, artist Blessing Ngobeni established the Blessing Ngobeni Art Prize. The prize aims to assist young and emerging visual artists (under 35) to launch their careers and we are proud to name them as a beneficiary of ArtAngels again this year.

The selected artist is provided with a 12-week studio residency, materials, budget, a stipend and a solo exhibition supported by Everard Read Gallery Johannesburg.

In 2023, ArtAngels sponsored the residency of 28-year-old Tshepo Sizwe Phokojoe, the winner of this year's Blessing Ngobeni Art Prize.

Phokojoe has donated a piece from his first solo exhibition, "Woven Comforts", which will be on auction at ArtAngels 2023.

The Ruth Prowse School of Art offers a balance between tradition and innovation, striving for excellence in the field of visual communication. The ArtAngels Everard Read Bursary at RPSA provides financial assistance to the most deserving students as adjudged by Ruth Prowse management and agreed by Everard Read and ArtAngels. Furthermore, Everard Read provides mentorship to the bursary student.

Since inception, the ArtAngels Everard Read Bursary has been awarded to 7 final year students (4 in 2021, 2 in 2022 and 2 in 2023) and 4 second year students (2 in 2022 and 2 in 2023). The second year students will receive funding for their final year in 2024 should they perform well.

We are thrilled to present a work from one of the final year students, Mbulelo Lokota, for this year's auction.

2023 / AUCTION LOTS

Live auction hosted by Iain Banner with virtual online auction supported and donated by Strauss & Co.

(Please note no buyers or sellers commission will be paid for this auction, ensuring maximum benefit to the beneficiaries.)
